

# Amalfi Coast Sailing Adventure

**June 5 to June 11, 2027 | 7 Days**  
**Naples and the Amalfi Coast**

**Planned and Hosted by Pride Adventures **  
**Hosted by Kevin Smith, if minimum cabins are met**  
**Operated on the Ground by G Adventures**

---

## Sail the Amalfi Coast with Pride Adventures

Experience the Amalfi Coast the way most travelers never do, barefoot on the deck of a beautiful 54 foot sailing yacht, with the sea stretching out around you and the coastline unfolding one unforgettable stop at a time.

After exploring the rich culture and history of Southern Sicily, this extension invites you into a completely different rhythm of travel. Slower mornings, open water, quiet coves, and sun filled afternoons replace busy streets and structured days.

Instead of moving from place to place, your home becomes the yacht itself, carrying you along one of the most iconic coastlines in the world. Each day offers a new perspective, whether you are stepping into a colorful village, swimming in crystal clear water, or simply enjoying the view from the deck.

👉 For full operational details, sailing routes, and technical information, please review the [G Adventures Amalfi Coast Sailing Dossier](#).

---

## Why This Experience is So Special ✨

This is not just an extension. It is a completely different way to experience Italy.

From the water, the Amalfi Coast feels more personal and more expansive. You are not just visiting destinations, you are moving through them, arriving by sea, and experiencing them at a natural pace.

You will explore iconic destinations like **Capri, Positano, Amalfi, and Sorrento**, while also discovering quieter coves and scenic anchor points along the coastline.

There is something uniquely connective about life onboard. Conversations linger longer, meals feel more shared, and the experience becomes as much about the people as it is about the places. It is relaxed, social, and effortlessly memorable.

## The Sailing Experience

Your home for the journey is a **beautiful 54 foot sailing yacht**, designed for small group travel and a relaxed onboard experience.

The yacht includes **5 cabins total**, creating an intimate setting where everyone becomes part of the experience. Mornings often begin slowly, with coffee on deck and the coastline coming into view. Afternoons may include swimming in clear blue water or stepping ashore to explore a new destination. Evenings bring a chance to gather, share stories, and take in the beauty of the coast at sunset.

This is not a cruise. It is something more personal, more immersive, and more connected to the environment around you.

---

## Group Size and Cabin Experience

This is a small group sailing experience, typically with **6 to 10 travelers** depending on how cabins are booked.

The yacht includes **5 cabins total**:

- 2 double cabins with ensuite bathrooms
- 3 bunk style cabins with shared bathrooms

Cabins may be booked as shared or private depending on availability, and assignments are made at the time of booking.

Because of the limited number of cabins, this experience is first come, first served, which helps preserve the intimate and social nature of the trip.

---

## Meals and Dining Onboard

Dining is part of the rhythm and experience of life at sea.

Because this is a small group sailing adventure, meals feel more fluid and collaborative than on a traditional land based trip. Travelers should plan to purchase their meals separately, as meals are generally not included in the base trip price.

At the same time, the experience naturally creates opportunities for shared meals. Some mornings may begin with something simple onboard, afternoons might include casual shared lunches depending on the day, and many evenings are spent in port enjoying local restaurants together.

You may find yourself picking up fresh ingredients with the group, enjoying a relaxed meal on deck, or heading into town for a lively dinner along the waterfront.

In short, plan for meals as an additional expense, but expect that many of them will become shared moments that are part of the overall experience.

---

## Itinerary Overview

This sailing experience follows the natural rhythm of the sea, with flexibility built in based on weather and conditions.

The outline below gives a strong sense of the journey, while the exact route may vary slightly. Dining, timing, and daily flow can also shift depending on sailing conditions and the preferences of the group, which is part of what makes this experience feel so personal and unique.

---

### Day 1 | Arrival and Boarding in Naples

Arrive in **Naples** and make your way to the marina, where you will board the yacht and meet your skipper and fellow travelers. From there, the group departs for **Procida**, where the journey begins with your first evening on the water. It is a wonderful introduction to the pace of the trip, giving you time to settle in, get comfortable onboard, and begin enjoying the rhythm of life at sea.

---

### Day 2 | Procida to Ischia

Today we sail to **Ischia**, a volcanic island known for its beaches, thermal springs, and coastal beauty. There will be time to explore the island, take in the scenery, and enjoy the atmosphere before returning to the boat. As with much of the journey, the day unfolds naturally between time onboard and time spent ashore.

---

### Day 3 | Ischia to Capri

We continue on to **Capri**, one of the most iconic destinations along the coast. Today may include time to explore the island, enjoy scenic viewpoints, and, if conditions allow, visit the famous Blue Grotto. Capri offers a mix of natural beauty and classic Italian glamour, making it one of the standout moments of the trip.

---

## Day 4 | Capri to Positano

Today we sail toward **Positano**, possibly with a swim stop along the way. Approaching Positano from the water is a memorable experience in itself, with its colorful buildings rising dramatically above the sea. Once there, you will have time to explore the town, wander the streets, and take in one of the most beautiful views along the Amalfi Coast.

---

## Day 5 | Positano to Amalfi

We continue along the coast to **Amalfi**, one of the region's most historic and atmospheric towns. Today offers time to explore Amalfi itself or, if you choose, visit nearby **Ravello** for sweeping views, elegant gardens, and a quieter hillside perspective. The flow of the day balances sailing, sightseeing, and time to simply enjoy where you are.

---

## Day 6 | Amalfi to Sorrento

Today we make our way toward **Sorrento**, possibly with another swim stop along the route. This final full day on the water is a chance to soak in the beauty of the coastline, enjoy the group, and savor the pace of the experience. Once in Sorrento, there may be time to explore the town, enjoy local flavors, and make the most of your final evening of the journey.

---

## Day 7 | Return to Naples and Departure

On the final day, we sail back to **Naples**, where the journey comes to an end. Depending on final arrangements and the rhythm of the trip, there may be one last breakfast or shared moment onboard before disembarkation. From there, travelers can continue onward or begin their journey home with a very different experience of Italy than most ever get to have.

---

## How This Extension Works

This sailing adventure is operated directly by G Adventures as part of their marine travel experiences.

Pride Adventures will assist with booking and coordination, but all reservations and payments will be made directly through the G Adventures system using your preferred payment method.

This ensures a smooth and reliable experience while still allowing us to support you throughout the process.

---

## A Note on Hosting

If we have at least **3 cabins booked by Pride Adventures travelers**, Kevin will join the sailing experience as your host.

If fewer cabins are booked, the trip will still operate as a fully supported G Adventures sailing experience.

Either way, you will be in good hands.

---

## Getting There

At the end of the Southern Sicily trip, you will travel from **Palermo to Naples**.

We recommend booking a midday flight so you can enjoy a relaxed morning before departure and arrive in Naples with plenty of time to board the yacht.

---

## What to Expect Onboard

Life on a sailing yacht is comfortable, social, and a bit more compact than a traditional hotel.

Spaces are shared, cabins are cozy, and the atmosphere is relaxed and welcoming. There is a natural balance between time together and time to yourself, and the experience tends to feel easy and unstructured in the best possible way.

---

## Important Details

This experience is weather dependent and may adjust slightly based on conditions.

Flexibility is part of the experience and part of what makes it so special.

---

# Full Details and Booking

👉 Please review the [G Adventures Amalfi Coast Sailing Dossier](#) for additional itinerary details, sailing logistics, cabin information, and operational guidance.

To book this extension, please contact [tripsupport@prideadventures.com](mailto:tripsupport@prideadventures.com) so the Pride Adventures team can help place you on the correct sailing departure and at the correct time. Because this extension is being coordinated alongside our Southern Sicily trip, we want to make sure your booking is aligned properly before it is confirmed.

---

## Final Thoughts ✨

This is one of the most unique ways to experience Italy.

It is slower, more intimate, and deeply connected to the landscape around you. A perfect way to extend your journey and create something truly unforgettable.
